

BREEZE® Pinch Clamps

As an industry leader for 70+ years, BREEZE offers a full line of smart clamping solutions designed to meet the performance needs of any job. As one of our newest additions to the ever-evolving BREEZE product offerings, our single ear (pinch) clamps offer easy installation and an ultra-secure, semi-permanent connection for center-pivot agriculture, irrigation water supply and other applications using poly, rigid plastic and soft hoses.

Fast, Secure Closure

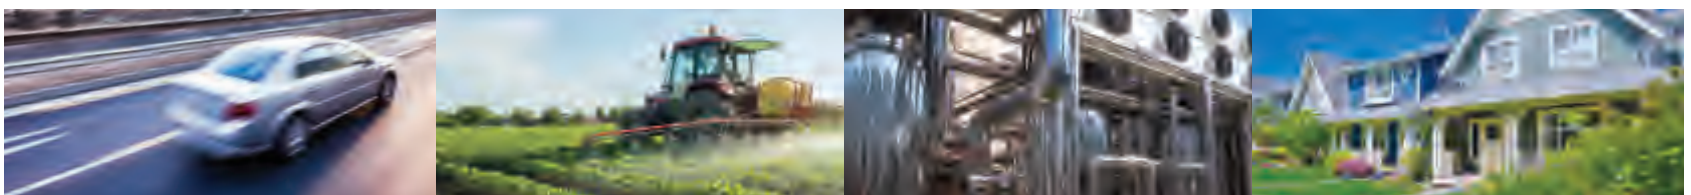

- Mechanical interlock keeps clamp securely closed
- Tamper-proof design – clamp ear ensures a fast, uniform & permanent closure
- Available pinch clamp tool for faster sealing in tight spaces
- Visible deformation identifies proper closure

Superior Performance for Agricultural Operations, Maintenance & Repair

- An economical alternative to worm-drive clamps
- Smooth band won't damage soft pipe or other materials
- Accommodates a range of pipe diameters

Superior Strength & Longevity

- 100% stainless steel construction
- Corrosion-resistant

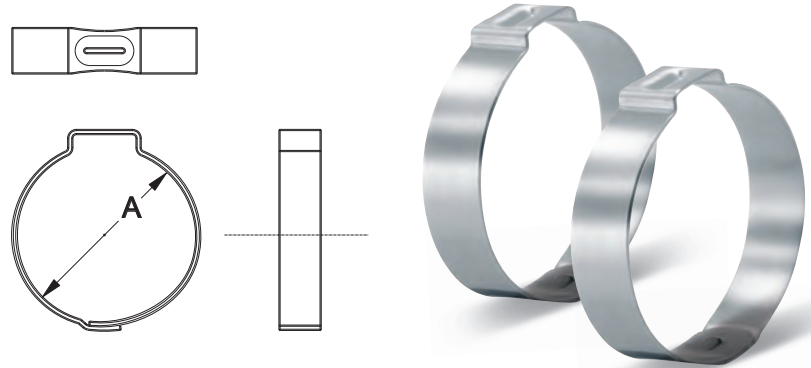

BREEZE®

Pinch Clamps

Competitive Advantages

- | All stainless steel design, type 300
- | Fast and simple installation
- | For use with pinch tool

Applications

Passenger Vehicle

- Fuel
- Air
- Fluids
- Retaining

Industrial

- MRO
- Irrigation/Agr.
- Aviation
- Marine

Residential

- Plumbing
- HVAC
- General Auto
- Appliances
